

Flood Control District

of Maricopa County

Date: August 28, 2015

WORK PLAN CHECKLIST FOR A RIGHT-OF-WAY PERMIT WITH THE FLOOD CONTROL DISTRICT OF MARICOPA COUNTY

The Flood Control District (District) of Maricopa County issues Right-of-Way (ROW) permits for work within or access over District's real property. A work plan is required for most work that may impact District structures. The purpose of the work plan is to provide information and plans that will be needed to construct a project on District real property. The work plan will discuss means and methods for construction

As part of a ROW permit application, a Work Plan may be needed unless waived by the District's Right-of-Way specialist. The District's Right-Of-Way permit specialists, Angie Hardesty for projects west of Central Avenue in Phoenix at (602) 506-5476, or Shelby Brown for projects east of Central Avenue in Phoenix at (602) 506-4583 may be contacted at the numbers indicated.

The District requires that the following be provided as part of the Work Plan:

1. Provide a schedule with sequencing of construction.
2. If needed, provide a shoring plan with details.
3. If needed, provide a site safety plan.
4. If needed, show access, maintenance and storage areas required for the project. A temporary construction easement may be needed.
